1. BODY OF PAPER

Using this document will help ensure that style definitions are consistent among APSD conference papers.

Throughout the paper, main section headings are Caps, Bold (10 pt). Text must flow in two columns with a 1cm space between columns. All text is 10pt Times New Roman, fully justified. Leave 12 pts between headings, sub-headings and paragraphs.

1.1. Introduction

Secondary headings are Upper and Lower Case, Bold (Title Case).

The main purpose of an introduction is to enable the paper to be understood without undue reference to other sources. It should therefore have sufficient background material for this purpose.

1.2. Equations

Equations should be numbered consecutively as they appear in the text with Arabic numerals and should be referred to by their numbers only, e.g. (3). Equations must be typed not hand printed. About 5 mm should be left clear above and below each equation.

1.3. Figures and Photographs

Figures must be of high quality and may be in colour. Figure numbers and captions appear at the foot of the figures. If necessary, figures and captions may straddle both columns. Figures should be numbered consecutively with Arabic numerals, in the order in which reference is made to them in the text, e.g. Figure 1, Figure 2, etc.
Figure Captions. 10 pt Times Roman, centered.

Photographs can also be used in the body of the paper.

1.4. Tables

Tables must be of high quality and may be in colour. Table numbers and captions appear above the table. If necessary, tables and captions may straddle both columns. Tables should be numbered consecutively with Arabic numerals, in the order in which reference is made to them in the text, e.g. Table 1, Table 2, etc.

Table Captions. 10 pt Times Roman, centered.

1.5. Conclusions and Recommendations

The real value of a paper is reflected in the nature, soundness and clarity of the conclusions, so particular care should be taken with this section.

1.6. Acknowledgments

Any particular assistance out of the ordinary may be acknowledged. It is not necessary from conference organisers’ point of view to record the permission of the author’s organisation to publish the paper or the information contained therein.

1.7. References

Style

References should include (in the following order): Author Name(s), Initials, (Year), Title of article with first letter uppercase, full Journal name in Italics, Volume (Number), page range. References should conform to the American Psychological Association referencing style:

https://guides.library.uq.edu.au/referencing/apa6

Order

The references must be listed in alphabetical order of author’s names and increasing dates of publication, with the addition of an ‘a’ or ‘b’ to the date, where necessary. In the text, references are cited by referring to the surname of the author, followed by the date of publication in brackets, e.g. “it was shown by Hanke (1970) that ...”.

Where more than two authors are involved, the reference in the text should be of the form: “it was shown by Jones et al. (1994)".

1.8. Appendices

If more than one, appendices should be lettered A, B, etc., e.g. Appendix A.

2. NOTATION AND UNITS

If the paper makes extensive use of symbols or other special nomenclature they should be listed and defined under this heading. Otherwise, all symbols are to be defined when first used. All units are to be SI (metric).

3. CRITERIA FOR ACCEPTANCE

3.1. Length

Full papers must not exceed ten (10) A4 pages. This includes the abstract, all diagrams, figures, references and appendices.

3.2. Permission to Publish

Unless informed by the author to the contrary, the APSD conference will assume that a paper submitted has not been published or offered elsewhere and is not the property of any other person or body.

It is the author’s responsibility to obtain any necessary permission from his/her organisation or from any other person or body for the publication of a paper or any material in it; such permission need not be mentioned in the acknowledgments.

Authors have the option to request that only the abstract of their paper be published in the conference proceedings. By default, full papers will be included in the conference proceedings unless the author requests that only the abstract be included.
4. PRESENTATION OF PAPER AT THE CONFERENCE

4.1. Electronic Presentations

All presenters will have access to Microsoft PowerPoint to assist with their presentations.

5. REGISTRATION

At least one of the authors should be registered for acceptance of the paper and its inclusion in the Conference Proceedings.

6. ENQUIRIES AND CORRESPONDENCE

All enquiries concerning papers should be sent to apsdc-enquiries@business.uq.edu.au
